

The McClelland Library presents a six-week course with Robert M. Wilbanks IV

# BASICS OF IRISH-AMERICAN GENEALOGY RESEARCH

## Included in the course:

- Basic techniques of genealogy research
- Learn how to trace your Celtic ancestors starting in U.S. records
- Covers various types of records from U.S. Census records to naturalization records, land records to church records
- Traditional and online research methods, including new technology
- Organizing your findings and presenting your completed research

**Robert Wilbanks** is a professional genealogist, historian, and instructor, who has been practicing genealogy for over 35 years. He has a BA in History from ASU and has attended the Samford Institute of Genealogy and Historical Research.
